

KATHRYN LEMERY-CHALFANT, PH.D.

CURRICULUM VITAE

Associate Professor
Department of Psychology, Arizona State University
Tempe, Arizona 85287-1104

Office phone: (480) 727-6459; Lab phone: (480) 727-8230
Email: klemery@asu.edu; Fax: (480) 965-8544

EDUCATION

1999. Doctor of Philosophy, Developmental Psychology,
University of Wisconsin—Madison
- 1996 Masters of Science, Department of Psychology,
University of Wisconsin—Madison,
Developmental Psychology
- 1994 Bachelor of Arts, Robert D. Clark Honors College, University
of Oregon, Psychology

ACADEMIC APPOINTMENTS

- 2008-present Associate Professor, Arizona State University,
Developmental Psychology
Affiliated with Clinical Psychology, Justice Studies
- 2001-2008 Assistant Professor, Arizona State University,
Developmental Psychology
Affiliated with Clinical Psychology, Justice Studies
- 2000-2001 Assistant Scientist, Waisman Center on Mental
Retardation and Human Development
- 1994-present Wisconsin Twin Panel Co-Director,
Madison, Wisconsin
- 1992-1994 Associate Research Specialist, Department of Psychology,
University of Wisconsin—Madison

FELLOWSHIPS, HONORS, AND AWARDS

2013-2016	Elected Member-at-Large on the Division 7 Executive Committee of the American Psychological Association
2009	Recognized at graduation as making a difference/enhancing the experience of a graduate
2006	Psi Chi Professor of the Year
1999	American Psychological Association Dissertation Research Award
1999.	NIMH Predoctoral Traineeship, Training Program in Emotion Research (Richard Davidson, Program Director), University of Wisconsin—Madison
1998-2001	Affiliate, Wisconsin Center for Affective Science

PROFESSIONAL AFFILIATIONS

American Psychological Association (APA)
Behavior Genetics Association (BGA)
Society for Research on Child Development (SRCD)
Western Psychological Association (WPA)

PENDING GRANTS

2014	MPI's Kathryn Lemery-Chalfant and Leah Doane, NICHD, "Social and Genetic Contributions to Children's Sleep, Health and Functioning," 1R01 HD079520-01, impact score of 27, 18 th percentile (12-2013); revision impact score of 24, 12 th percentile (06-2014; funding decision pending). \$3,684,171 total costs. Percent recognition 40%
2014	MPI's Nancy Gonzales and Kathryn Lemery-Chalfant, NIAAA, "Developmental Gene-Culture Interplay in Mexican American Alcohol and Drug Abuse and Addiction," 1R01 AA--\$3,764,127 total costs. Percent recognition: 32%

FUNDED GRANTS

- 2014-2016 Co-Investigator, NIA, “Does resilience to childhood adversity improve with social intelligence training?” 1R01-AG048844-01 (MPI’s Frank Infurna & Alex Zautra). \$608,459 total costs.
- 2014-2019 Co-Investigator, NIMH, “Emerging Regulatory Capacity in Low-income Mexican American Children,” (MPI’s Keith Crnic, Nancy Gonzales, Linda Luecken). 1R01 MH104245-01, \$3,550,724 total costs. Percent recognition: 10%
- 2014-2019 Co-Investigator (MPI of subcontract), NIDA (subcontract from University of Pittsburgh), “Early Family Prevention of Adolescent Alcohol, Drug Use and Psychopathology,” (MPI’s Daniel Shaw, Thomas Dishion & Melvin Wilson). 1R01 DA036832-01A1, \$7,636,476 total costs (\$4,044,972 ASU subcontract). Percent recognition: 30%
- 2014-2015 Principal Investigator, CLAS NS-SS-GRG and Department of Psychology, “Gene-Environment Interplay and Child Psychopathology,” \$38,000 total costs. Percent recognition: 100%
- 2014-2018 Consultant, NIMH, “Validating RDoC for Children and Adolescents: A Twin Study with Neuroimaging Follow-up,” (PI Hill Goldsmith). 1R01 MH101504-01A1
- 2013-2016 Co-Investigator, NIAAA, “Exploring a Novel Approach to Clarify Parenting Effects on Drinking Outcomes,” (PI, Laurie Chassin). 1R21 AA022097-01, \$213,125 total costs. Percent recognition: 5%
- 2011-2013 Principal Investigator, NIMH (subcontract from the University of Wisconsin-Madison), “Risk for Child Psychopathology: A Twin-Study Perspective,” 2R01-MH59785 Administrative Supplement. \$33,777 total costs. Percent recognition: 100%
- 2011-2016 Co-Investigator, NIMH, “Research Training in Child Mental Health/Primary Prevention,” (PI Laurie Chassin). 7T32 MH18387.
- 2010-2011 Principal Investigator (co-PI Carlos Valiente), School of Social and Family Dynamics, “Genetic and Environmental Influences

- on Resilience in the Second Year of Life,” \$24,784 total costs. Percent recognition: 50%
- 2008-2011 Principal Investigator, Arizona Biomedical Research Commission, “Molecular and Quantitative Genetic Approaches to Understanding Child Psychopathology,” \$145,178 total costs. Percent recognition: 100%
- 2008-2009 Principal Investigator, Challenged Child Project, “Arizona Twin Project: Studying Early Resilience in a Culturally and Genetically Informative Design,” \$24,000 total costs. Percent recognition: 50%
- 2008-2011 Co-Investigator, NIMH competing continuation, “The Course of Regulation and Dysregulation in Children,” (MPIs, Nancy Eisenberg & Tracy Spinrad). 2R01-MH060838 \$1,535,004 total costs. Percent recognition: 5%
- 2008-2009 Principal Investigator, Institute for Mental Health Research, “Genetic and Environmental Precursors to Resilience and Child Mental Health,” \$25,000 total costs. Percent recognition: 50%
- 2006-2013 Co-PI (PI of subcontract), NIMH, “Risk for Child Psychopathology: A Twin-Study Perspective,” 2R01-MH59785 (PI, H. Hill Goldsmith) \$2,737,780 total costs (\$396,251 total costs subcontract). Percent recognition: 100% subcontract
- 2005-2006 Principal Investigator, Arizona State University Institute for Social Science Research, “Resilience Mechanisms in Low Income Hispanic Mothers and Their Infants: Accounting for Health Disparities,” \$19,600 direct costs. Percent recognition: 100%
2007. Principal Investigator, Institute for Mental Health Research, “Social Relations and Child Psychopathology: A Twin Study,” \$25,000 direct costs. Percent recognition: 100%
- 2005-2013 Co-Investigator, NIA, “Resilience and Health in Communities and Individuals,” R01-AG026006-01, (PI Alex Zautra). \$2,966,195 total costs. Percent recognition: 10%

- 2005-2010 Co-Investigator, NIMH, “Research Training in Child Mental Health/Primary Prevention,” 6 T32 MH189387, (PI Laurie Chassin). \$1,355,000 total costs. Percent recognition: 5%
- 2004-2008 Co-Investigator, NIMH, “Emotion, Regulatory Processes and Social Functioning,” 2R01-MH060838, (MPIs, Nancy Eisenberg & Tracy Spinrad). \$1,076,401 total costs. Percent recognition: 5%
- 2004-2005 Principal Investigator, Arizona State University College of Liberal Arts and Sciences, “Using Psychosocial and Biological Assessments to Understand the Development of Childhood Mood and Behavioral Disorders,” \$7,000 total costs. Percent recognition: 100%
- 2003-2005 Principal Investigator, NIMH, “Childhood Emotionality and the Emotion-Modulated Startle,” R03- MH67051, \$75,000 total costs. Percent recognition: 100%
- 2003-2005 Co-Investigator, NIMH, “Caregiving, Cognition, and Physiological Stress Responses.” R03-MH069804 (PI. Linda Luecken). \$149,500 total costs. Percent recognition: 10%
- 2003-2004 Co-Investigator, Saint Luke’s Health Initiative, “Resilience Through Healthy Aging: From Framingham to Phoenix.” (co-PI’s Alex Zautra and John Hall), \$80,000 total costs. Percent recognition: 10%
- 2001-2008 Co-Investigator, NIMH, “Longitudinal Twin Studies of Emotional Development,” R37- MH50560 (PI, H. Hill Goldsmith). \$2,474,743 total costs.
- 1999-2004 Co-Principal Investigator, NIMH, “Risk for Child Psychopathology: A Twin-Study Perspective,” R01-MH59785 (PI, H. Hill Goldsmith). \$2,098,911 total costs.

REFEREED JOURNAL ARTICLES AND INVITED CHAPTERS

* denotes student or postdoc author

61. *Brooker, R. J., Buss, K. A., **Lemery-Chalfant, K.**, Aksan, N., Davidson, R. J., & Goldsmith, H. H. (in press). Associations between infant anger and toddler behavior

problems are moderated by developmental trajectories and familial life stress. *Developmental Psychology*.

60. Valiente, C., Swanson, J., **Lemery-Chalfant, K.**, & Berger, R. H. (in press). Children's effortful control and academic achievement: Do relational peer victimization and classroom participation operate as mediators? *Journal of School Psychology*.
59. *Sulik, M. J., Eisenberg, N., Spinrad, T. L., **Lemery-Chalfant, K.**, *Swann, G., *Silva, K. M., Reiser, M., *Stover, D. A. & Verrelli, B. C. (in press). Interactions among COMT genotype, parenting, and sex predict children's internalizing symptoms and inhibitory control: Evidence for differential susceptibility. *Development and Psychopathology*.
58. *Swanson, J., Valiente, C., **Lemery-Chalfant, K.**, Bradley, B., & Eggum-Wilkens, N. (in press). Longitudinal relations between parents' reactions to children's negative emotions, effortful control, and math achievement: a three-wave study in early elementary school. *Child Development*, 85(5).

REFEREED CONFERENCE PRESENTATIONS & INVITED ADDRESSES

* denotes student or postdoc author

Presentations corresponding to 40 of the published abstracts, plus the following:

111. *Styles, R., Doane, L. D. & Lemery-Chalfant, K. (2014, May). Sibling conflict predicts childhood sleep problems in a longitudinal study of twins. Presentation at the Association for Psychological Science, San Francisco, CA.

110. Van Hulle, C.A., **Lemery-Chalfant, K.** & Goldsmith, H.H. (2014, April). Behavior problems are more severe among children with co-morbid sensory over-responsivity. Presentation at the 1st annual meeting of the Society for Affective Sciences, Washington, DC.

109. Brooker, R. J., Buss, K. A., **Lemery-Chalfant, K.**, Aksan, N., Davidson, R. J., & Goldsmith, H. H. (2013, May). Heterogeneity in early development predicts individual differences in behavior problems. Paper presented at the Midwestern Psychological Association, Chicago.

108. Swanson, J., Valiente, C. & **Lemery-Chalfant, K.** (2013, April). Mediated and moderated relations linking student-teacher relationship quality to externalizing

- problems: role of effortful control. Society for Research in Child Development, Seattle, Washington.
107. Swanson, J., Valiente, C. & **Lemery-Chalfant, K.** (2013, April). The student-teacher relationship and children's effortful control as longitudinal predictors of achievement and emotional engagement. Society for Research in Child Development, Seattle, Washington.
106. *Li, Y., *Sulik, M., Eisenberg, N., Spinrad, T. L., **Lemery-Chalfant, K.**, *Stover, D., Verrelli, B. (2013, April). Haplotype matters: evidence from DAT1-parenting interactions in predicting childhood effortful control. Society for Research in Child Development, Seattle, Washington.
105. Van Hulle, C. A., *Moore, M. N., Shirtcliff, B. A., **Lemery-Chalfant, K.** & Goldsmith, H. H. (2013, April). Genetic and environmental contributions to covariation between DHEA and testosterone in adolescent twins: Evidence for sex differences. Poster presented at the Society for Research in Child Development, Seattle, WA.
104. *Taylor, Z. E., *Sulik, M., Eisenberg, N., Spinrad, T. L., *Silva, K., **Lemery-Chalfant, K.**, *Stover, D., & Verrelli, B. (2013, April). Development of ego-resiliency: Relations to observed parenting and polymorphisms in the serotonin transporter gene during early childhood. Society for Research in Child Development, Seattle, Washington.
103. *Clifford, S., *Swann, G., **Lemery-Chalfant, K.** & Goldsmith, H. H. (2013, April). Moderating influence of DAT1 and sex on the association between diurnal cortisol and externalizing in middle childhood. Society for Research in Child Development, Seattle, Washington.
102. *Sulik, M., Eisenberg, N., Spinrad, T. L., **Lemery-Chalfant, K.**, *Swann, G., *Silva, K., Reiser, M., *Stover, D. & Verrelli, B. (2013, April). Interactions between COMT, parenting, and sex predict children's inhibitory control: evidence for differential susceptibility. Society for Research in Child Development, Seattle, Washington.
101. **Lemery-Chalfant, K.** (2012). Genes, stress and resilience in developmental psychology. Western Psychological Association, San Francisco, CA. Invited Address.
100. *O'Brien, T. C., **Lemery-Chalfant, K.** & Goldsmith, H. H. (February, 2012). Using twin modeling to understand differing patterns of gene-environment interplay across age and reporter. Society for Research in Child Development Themed Meeting: Developmental Methodology. Tampa, Florida.

99. *Araica, E., *O'Brien, T. C., Valiente, C., & **Lemery-Chalfant, K.** (May, 2011). Parenting and infant problem behaviors: Caregiver support and ethnicity as moderators? Western Psychological Association, Los Angeles, CA.
98. *Moore, M. N., Van Hulle, C. A., Shirtcliff, E. A., Essex, M. J., **Lemery-Chalfant, K.** & Goldsmith, H. H. (September, 2011). Corticotropin-releasing hormone receptor 1 gene SNPs interact with stress to predict depression longitudinally. World Congress on Psychiatric Genetics, Washington DC, USA.
97. **Lemery-Chalfant, K.** & Goldsmith, H. H. (April, 2011). Anxiety and depression in middle childhood: COMT genotype, gender, and dopamine in the prefrontal cortex. Society for Research in Child Development, Montreal, Canada.
96. *O'Brien, T. C., *Kao, K., Valiente, C., & **Lemery-Chalfant, K.** (April, 2011). Happy parents have happy babies: Positive parent personality, emotional availability, and infant problem behaviors. Society for Research in Child Development, Montreal, Canada.
95. Van Hulle, C. A., Shirtcliff, E. A., **Lemery-Chalfant, K.** & Goldsmith, H. H. (April, 2011). Genetic and environmental influences on individual differences in cortisol level and circadian rhythm. Society for Research in Child Development, Montreal, Canada.

COURSES TAUGHT

Course number: PGS 341
Course title: Developmental Psychology
Semesters taught: Spring 2002, 2003, 2004, 2006, Fall 2007, 2009, 2010
Enrollment: 45-110 students/class (1-2 classes/semester)

Course number: PSY 424/591
Course title: Genetic Psychology
Semesters taught: Fall 2014
Enrollment: 30 students/class

Course number: PGS/PSY 446
Course title: Social Development
Semesters taught: Fall 2002, 2003, 2004, 2005, 2006, 2008, 2012, 2013,
Spring 2014
Enrollment: 12-40 students/class

Course number: PGS 498
Course title: Nature and Nurture
Semesters taught: 2012, Fall 2013
Enrollment: 19-25 students/class

Course number: PSY 541
Course title: Social Emotional Development in Infancy
Semesters taught: Fall 2001
Enrollment: 8 graduate students

Course number: PSY 542
Course title: Social Development
Semesters taught: 2003, 2005, 2008, Fall 2011
Enrollment: 10-18 graduate students/class

Course number: PSY 591
Course title: Developmental Behavior Genetics
Semesters taught: Fall 2011
Enrollment: 10 graduate students

MENTORING AND STUDENT COMMITTEES

Major graduate advisor and committee chair:

Current:

- Sierra Clifford (defended masters 05/2013, comprehensive exam 03/2014)
- Reagan Styles (co-chair with Leah Doane, proposed masters 06/2014)

Completed:

- Melinda Baham (co-chair with Sandy Braver, defended dissertation 03/09; currently tenured faculty at Chandler-Gilbert Community College)
- Lisa Doelger (defended terminal masters 11/2005; currently Evaluation Specialist at Cisco Learning Institute)
- Karen Kao (co-chair with Bob Bradley, defended terminal masters 04/2011; completed Masters of Sustainability 05/2014; currently Sustainability Program Coordinator at GreenerU—partners with colleges and universities to achieve campus sustainability and energy goals, Boston, MA)
- Kristy McDonald (defended masters 12/2007, comprehensive exam 12/2008, defended dissertation 12/2011; currently tenure track faculty at Chandler-Gilbert Community College)
- Shantel Meek (SSFD co-chair with Laudan Jahromi, comprehensive exam 2012; defended dissertation 11/2013; currently Policy Advisor for Early Child Development U.S. Department of Health and Human Services; Washington D.C.)
- Josef Michel (comprehensive exam 12/2003; defended dissertation 11/2004; currently retired)
- T. Caitlin O'Brien (defended masters 08/2008; comprehensive exam 11/2009, defended dissertation 04/2011; post doc Northwestern University 09/2011-06/2014; currently tenure track Assistant Professor of Psychology at Illinois College)
- Karina Sokol-Horowitz (co-chair with Bill Fabricius, comprehensive exam 04/2006; defended dissertation 04/2007; currently tenured faculty at Glendale Community College)
- Gregory Swann (defended terminal masters 10/2012; currently Research Associate at Northwestern University, Chicago, IL)
- Patricia Turner (co-chair with Keith Crnic, defended dissertation 08/2006; currently Registered Psychologist, Calgary, Alberta, Canada)
- Angela Zamora (co-chair with Barbara Tinsley, comprehensive exam 11/2007; defended dissertation 07/2009; currently Project Manager Department of Alcohol and Drug Programs, California State Department of Education)

Undergraduate honors thesis chair:

- Jennifer Madsen, 12/2003
- Rebecca Nathanson, 12/2003
- Donna Hockey, 04/2005

Laura Jastrzab, 04/2005
Maylin Davis, 12/2005
Lorain Moorehead, 04/2006
Heidi Rishel, 08/2006
Courtney Ficks, 12/2006
Lauren Drake, 12/2009
Suzie Jeon, 12/2009
Melissa Tran (pre-med biology), 03/2012
Kayla Ditto, 12/2012
Andrea Nolan, 05/2013
Jenna Eccles, in progress
Sarah Chon, in progress

Graduate student committee member:

Current:

Katie Bountress (comprehensive exam 5/2011; proposed dissertation 04/2013, data meeting 05/2014)
Katherine Cheng (SSFD; comprehensive exam proposal 05-2014)
Alison Edwards (comprehensive exam failed 12/2012, passed 04/2013)
Sarah Ingebrand (proposed comprehensive exam 04/2014)
Shannon Jewell (proposed masters 04/2014)
Yi Li (proposed masters 06/2014)
Betty Lin (masters defended 2013; comprehensive exam 2013)
Leigh McLean (comprehensive exam 11/2013)
Frances Wang (defended masters 02/2012; comprehensive exam 05/2013)

Completed:

Rebecca Andrews (defended terminal masters 09/2005)
Melinda Baham (defended masters 07/2005)
Kimberly Castro (SSFD; defended masters 07/2007)
Claire Champion (comprehensive exam 2004; defended dissertation 04/2006)
Amanda Cumberland (dissertation proposed, ABD)
Natalie Eggum (masters defended 11/2006; comprehensive exam 11/2007; dissertation defended 07/2009)
Robert Fasman (comprehensive exam, 09/2004)
Patrick Finan (dissertation defended 02/2009)
Bridget E. Granville (SSFD; masters defended 04/2007)
Jeffrey Liew (comprehensive exam 2003; co-chair, dissertation defended 07/2005)
Anita Pedersen y Arbona (comprehensive exam 09/06; dissertation defended 04/2011)
Amanda Sigal (comprehensive exam; dissertation defended 06/2010)

Michael Sulik (masters defended 11/2011; comprehensive exam 11/2012;
dissertation defended 09/2013)
Jodi Swanson (SSFD; masters defended 04/2008; comprehensive exam 12/2009;
dissertation defended 12/2011)
Julie Vaughan (masters defended 09/2006; comprehensive exam 04/2007)
Amy Weimer (comprehensive exam 2003)
Rebecca E. Wershba (comprehensive exam 08/2009)
Qing Zhou (comprehensive exam 2003)

SERVICE

Professional Service

American Psychological Association Leadership:

2013-2016 Elected Member-at-Large on the Division 7 Executive
Committee of the American Psychological Association

Research Grant Reviewing:

2008-2009 Standard Research Grants program of the Social Sciences and
Humanities Research Council of Canada

Fall 2009 Child Psychopathology and Development Disabilities (CPDD)
NIH study section

Spring 2010 Child Psychopathology and Development Disabilities (CPDD)
NIH study section

Fall, 2010 Behavioral Genetics and Epidemiology (BGES) NIH study section

Sum, 2011 Biobehavioral Regulation, Learning and Ethology NIH special
emphasis panel

Sum, 2011 Adult Psychopathology and Disorders of Aging NIH special
emphasis panel

Fall, 2011 Biobehavioral and Behavioral Processes (BBBP) NIH special
emphasis panel

Spring, 2012 NIH ZRG1 F16 B 20 Fellowships: Risk, Health and Healthcare
meeting

- Spring, 2012 NIH ZRG1 SSPS-H 09 S Social Science and Population Studies:
Second Panel
- Spring, 2012 NIH SSPS-H 09 Population Sciences and Epidemiology (PSE)
Integrated Review Group
- Sum, 2012 NIH ZRG1 F16 I (20) Risk Prevention and Health Behavior
Integrated Review Group-- NRSA Fellowship Review Panel
- Fall, 2012 Child Psychopathology and Development Disabilities (CPDD)
NIH study section
- Jan 2013 The Netherlands Organisation for Scientific Research (NWO),
Department of Social Sciences, reviewed PhD subsidy proposals
- Spring 2013 NIH ZRG1 F16 L (20) L Risk Prevention and Health Behavior
Integrated Review Group-- NRSA Fellowship Review Panel
- Fall 2013 NIH 2014/01 ZRG1 F16 L (20) L Risk Prevention and Health
Behavior Integrated Review Group-- NRSA Fellowship Review
Panel
- Spring 2014 NIH 2014/01 ZRG1 F16 L (20) L Risk Prevention and Health

Panel
- Fall 2014 NIH 2014/01 ZRG1 F16 L (20) L Risk Prevention and Health
Behavior Integrated Review Group-- NRSA Fellowship Review
Panel

Editorial Boards:

- 2011-present Review Editorial Board of *Frontiers in Behavioral and Psychiatric
Genetics*, a specialty of *Frontiers in Genetics*.

Special Issues:

- Davis, M., **Lemery-Chalfant, K.** & Luecken, L. (2009). Guest editors for special
issue of *Journal of Personality*, "Resilience in the Common Life."

Ad-hoc Reviewing for the Following Journals:

- American Journal of Psychiatry
Behavior Genetics

Biological Psychiatry
Child Development
Child Development Perspectives
Development and Psychopathology
Developmental Psychology
Emotion
Frontiers in Genetics
Health Psychology
Hormones and Behavior
Infancy
Infant and Child Development
Infant Behavior and Development
International Journal of Behavioral Development
Journal of Abnormal Child Psychology
Journal of Abnormal Psychology
Journal of Adolescence
Journal of Applied Developmental Psychology
Journal of Child Psychology and Psychiatry
Journal of Clinical Child and Adolescent Psychology
Journal of Early Adolescence
Journal of Experimental Child Psychology
Journal of Personality
Journal of Personality and Social Psychology
Journal of Research on Adolescence
Jour. of the Amer. Academy of Child and Adolescent Psychiatry
Merrill-Palmer Quarterly
Psychological Medicine
Psychological Methods
Social Development
Twin Research & Human Genetics

Textbook Reviewing:

Psychology Worth Publishers

APA Dissertation Research Award Reviewing: 2008, 2009, 2010, 2011

Conference Program Reviewing:

Society for Research in Child Development abstract reviewing,
2004-2005; 2006-2007; 2008-2009; 2010-2011

Chair and/or Discussant of Conference Symposium:

- Lemery-Chalfant, K.** (2014, June). *Gene-environment interplay in developmental science*. Behavior Genetics Association Meetings, Charlottesville, Virginia.
- Rhee, S. & **Lemery-Chalfant, K.** (2012, February). *Contemporary behavior genetic methods elucidate developmental process*. Society for Research in Child Development Themed Meeting: Developmental Methodology. Tampa, Florida.
- Lemery-Chalfant, K.** (2011, June). *Externalizing behavior during childhood and adolescence*. Symposium at the Behavior Genetic Association meetings, Newport, Rhode Island.
- Lemery-Chalfant, K.,** & Goldsmith, H. H. (2011, June). *Gene-environment mechanisms for the development of child psychopathology*. Symposium at the Behavior Genetic Association meetings, Newport, Rhode Island.
- Lemery-Chalfant, K.** (2009, April). *Gene-environment mechanisms for the development of child psychopathology*. Symposium at the Society for Research in Child Development meetings, Denver, Colorado.
- Lemery-Chalfant, K.** (April, 2009). *Warm vs. insensitive parenting and children's problem behaviors: Evidence for gene-environment correlations*. Symposium at the Society for Research in Child Development meetings, Denver, Colorado. Discussant.
- Lemery, K. S.** (2005, June). *Developmental Phenotypes*. Symposium at the Behavior Genetic Association meetings, Hollywood, California.
- Lemery, K. S.,** & Jaffee, S. (2002, July). *Multivariate study of young twins as a tool to understanding the development of mood and behavioral disorders*. Symposium at the Behavior Genetic Association meetings, Keystone, Colorado.
- Price, T., & **Lemery, K. S.** (2000, July). *Beyond heritability: Behavioural genetic approaches to cognitive and emotional development*. Symposium at the International Conference on Infant Studies, Brighton, United Kingdom.
- Lemery, K. S.,** & Waldman, I. D. (1999, July). *The boundaries between normality and psychopathology: Behavior genetic approaches*. Symposium at the Behavior Genetic Association meetings, Vancouver, BC.

Lemery, K. S., & Waldman, I. D. (1999, April). *The boundaries between normality and psychopathology: Behavior genetic approaches*. Symposium at the Society for Research in Child Development meetings, Albuquerque, New Mexico.

Lemery, K. S., & Goldsmith, H. H. (1998, June). *A new generation of longitudinal twin studies of behavioral development*. Symposium at the Behavior Genetic Association meetings, Stockholm, Sweden.

Department, University, and Community Service

Current:

2013- Planning and Advisory Committee to the chair (PAC)
2009- Chair, Developmental Psychology Area Group
2010- Chair, Awards Committee
2009- Chair, Developmental Psychology graduate admissions committee
2009- Graduate Studies Committee
2014- Faculty Evaluation Committee

Completed:

2012-2013 Search committee for three Health Solutions Initiatives faculty hires
2012 Chair, Leah Doane's Third Year Review Committee
2011-2013 Faculty Evaluation Committee
2010-2011 Search committee for neuroscience infusion faculty hires
2010, 2011 Faculty Advisor for Freshman Orientation Lunches
2009-2010 Chair, search committee for faculty position in developmental psychology
2007-2008 Planning and Advisory Committee to the chair (PAC)
2007-2008 Search committee for faculty position in adult psychopathology
2004-2006 Faculty advisor to the Sigma Alpha Lambda National Honor Society
2003, 2004, 2005 Chair, Zita Johnson Scholarship Committee
2003, 2004, 2008 Faculty Evaluation Committee
2003-2004 Search committee for the director of the Child Study Lab
2002. Center for the Study of Stress Science-Psychology interface committee
2001-2009 Developmental Psychology graduate admissions committee
2001-2004 Statistical consulting and data analysis for Reliant Behavioral Health

CONTINUED EDUCATION

- 2012 SRCD Methodology Symposium co-chair & discussant
- 2005 Audited CDE 598 Longitudinal Statistical Models
Arizona State University
- 2004 International Workshop on Methodology of Twin and Family
Studies: The Advanced Course Molecular Genetics
The Netherlands
- 2001 NSF Junior Faculty Research Mentoring Workshop
Invited participant, Tempe, Arizona
- 2001 The Pittsburgh Workshop on Behavior Genetics and
Development
University of Pittsburgh
- 2000 World Health Organization Composite Diagnostic Interview
Training (CIDI)
Survey Research Center, University of Michigan
- 1999 Twelfth International Workshop on Methodology of Twin and
Family Studies: The Advanced Course
Boulder, Colorado
1998. First International Workshop on Genetic Epidemiology of
Complex Traits using Twins and Sib-Pairs,
Cambridge, England
- 1996 Certified Facial Action Coding System (FACS) coder
Madison, Wisconsin
- 1996 Eighth International Workshop on Methodology of Twin and
Family Studies
Boulder, Colorado
- 1994 Sixth International Workshop on Methodology of Twin and
Family Studies
Boulder, Colorado
